**JOHNNY WONDER**

**Q. WHERE DID  
ICE CREAM  
ORIGINATE?**

**SANDY GUSKY,  
OF UNION, KY.,  
WINS A PRIZE FOR  
THIS QUESTION.**

**A.** The big scoop on ice cream began with the Roman emperor Nero. In the first century A.D. His chefs mixed fresh mountain snow with honey and fruit. The result was a syrupy frozen dessert much like today's fruit ices. With the fall of the Roman Empire, this delicacy seems to have vanished. In the 19th century, Marco Polo brought back to Europe from the Orient the first known "ice cream" recipe actually containing cream. Though it was at first consumed only by royalty, the development of refrigeration methods made ice cream a truly universal treat.

You can win a World Almanac if your question is selected. Send your name and age to JOHNNY WONDER, c/o The World Almanac, P.O. Box 1280, Santa Cruz, CA 95061.
